THE J

1962 - 63

Foreword

The "ideal" J. C. H. S. student is kind, courteous, respectful, helpful, friendly, self-sacrificing, religious, and moral. He or she has a sense of humor, a desire for knowledge, an appreciation of beauty, and a love of life. The "ideal" student does not actually exist in the world of reality; his home is in the mind of each individual. Each person has his own "ideal." The "average" J. C. H. S. student can strive to become "ideal," however. Thus in every phase of school life — from academic endeavors to athletics — the real school spirit can and should prevail.

Faculty

The faculty, as everyone knows, has the responsibility of educating the student body. But education is only one part of the task. Teachers must give guidance to those who need it. They must have understanding, patience, diplomacy, and, most of all, a genuine love for teaching. Their troubles are many, but the rewards are great. It is with much satisfaction that they see their students go forth to take their places as active community leaders and good Americans.

School spirit is not reserved exclusively for students at J.C.H.S. The faculty displays an amazing amount of it too. On the day of the Regional Tournament with Carrollton, the teachers came out full force with their slogan, "Beat the Hawks." (We did too.) The librarian, Mrs. Rogers, led the group in cheers with help of Pete Panther (Mr. Finn).

*Jim,

THE SCHOOL BOARD INSPECTS NEW LANGUAGE LABORATORY

Chris Ringhausen, president of the Board of Education, Aron Cope, Avery Gisy, Lloyd Bauersachs, principal of East Elementary, Scott H. Courier, principal of the high school, Bernard

Schroeder, William Wieland, William Gilman, G. F. Roth, superintendent of Unit 100, and Hubert Mourning review the high school's language laboratory installed this year.

SCHOOL BOARD COORDINATES EDUCATIONAL NEEDS OF THE UNIT

The school board of Unit 100 is a competent group of administrators and lay people. These men serve the District faithfully, receiving no compensation for their services except seeing a well-run school district. They voluntarily accept duties and annually devote many hours to all educational phases in the Unit. The school board serves as a link between the public and the professional educators.

One of the duties of the school board is to assign an able superintendent to handle varied aspects of school administration. This leaves the board free to study needs of every school and means of meeting these needs. Recently, a language laboratory was installed in the high school as a result of the increasing interest in foreign languages. This is only one of the many improvements made possible by the efforts of Board of Education."

BOARD OF EDUCATION HOLDS AN INFORMAL BI-WEEKLY MEETING

Scott H. Courier, Avery Gisy, Hubert Mourning, Gus Roth, Chris Ringhausen, Bernard Schroeder, Aron Cope, William Gilman, and

William Wieland, members of the Board of Education, conduct their meetings on alternate Wednesdays.

Superintendent To Serve Community

MR. ROTH AND HIS FAMILY RELAX AT HOME

Mr. Roth, the Superintendent of Unit 100, although busy with many responsibilities, is still able to find leisure time to spend with Mrs. Roth and his daughter, Donna.

MR. ROTH ENJOYS THE SMALL, PROFESSIONAL LIBRARY IN HIS OFFICE.

MR. ROTH ADMINISTERS POLICIES SET BY BOARD

Mr. Roth is employed by the Board of Education. He administers all policies as determined and directed by the Board for any educational phase needing the necessary amending or fulfillment.

It is his responsibility to arrange all the minute details from each school and attendance center. These details must be coordinated to form an intricate and balanced blueprint which will conform to all of the rural district.

Prior to becoming Superintendent of Unit 100, Mr. Roth was principal of the high school for four years. During that interim he became well acquainted with educational requirements of the community. Mr. Roth has now served the Unit for twelve years as the Superintendent of Unit 100.

These special meetings supplement the regular supervisory activities at school.

FAMILY COUNSELOR Is STUDENT COUNSELOR

Mr. Jurkanin has many responsibilities as a member of the faculty of J. C. H. S., especially as head of the guidance department. He aids students in choosing vocations they plan to follow. Being the Panther football coach, he is a vital part of the athletic program. As assistant principal, Mr. Jurkanin acts as principal when Mr. Courier is off campus.

COUNSELORS FURTHER GUIDANCE PROGRAM

Mr. Joseph Jurkanin (seated), head of the guidance counselors, discusses the aspects of an effective guidance program with his

fellow counselors, Miss Jean Heye, Mr. Marvin Rull, and Mr. Lawrence Cravens.

Counselors — Vital Asset

Guidance counselors assist faculty members on decisions important to students future. Counselors advise students about current and future courses of study and give information concerning colleges and vocations. They are always free to discuss any problems the student may have. Counselors administer many tests to evaluate each student's ability and help him in his choice of a future vocation.

Deans — Drop-out Prevention

Prevention of student drop-outs is the main objective of deans. An accurate attendance record for every student is kept with inquiries when there is continued absence.

Blue slips, made out by one of the deans, allow students to return to class after illness. When a student becomes ill at school, he reports to one of the deans who contacts the school nurse or the student's personal physician.

DEANS HOLD CONSULTATION

The deans, Mrs. Winifred Dougherty and Mr. George Havens, examine the problem of student drop-outs.

Transportation Essential

Bus drivers are responsible for the safety of students while delivering them to and from school.

Busses travel about 2000 miles in the transportation of 2000 students to schools in the District.

COMFORTABLE CLASSROOMS

Keeping school presentable and comfortable is the major duty of custodians. The many paper wads and gum wrappers prove to be enough to keep them busy.

(At left-top row) Alonzo Rich, Loren Smith, (front row) Roy Alverson, and Lester Loraine take time out to pose for picture.

ACADEMICS

The complex world of today requires a keen mind and ability in various fields. Most students realize that they must prepare themselves carefully for their chosen careers. Extensive study of science, mathematics, languages, and social sciences are necessary for almost any vocation. Students must have more than intelligence, however. Biology students such as David Scott and Mary Heisler, for example, need a good mind, capable hands, and a strong stomach. Common sense and a stamina for hard work are qualities every good student should have.

*Good luck

MARY SUTTLES POINTS OUT THE BONES

Science for the future

General science helps the student to understand the materials and forces which make up his environment. It also helps him to experiment with the scientific method used in solving problems, thus helping him to adjust his life to the rapid progress which science is making in this Atomic Age. Major emphasis is placed on the physical sciences because many will need this knowledge later as they further their education in physics and chemistry as they work in the world of industry. Biology is well represented by discussions of basic principles and applications which serve as a stepping stone for the many students whose high school courses include a full year of biology.

New equipment in science department

This year the science department received new equipment to aid students in their study of physics. Among the equipment received was a cathode-ray oscilloscope, a cloud chamber, a vacuum pump, a tesla coil, several voltmeters, ampmeters, and galvanometers. Also, sympathetic tuning forks were among the new equipment. A classroom set of individual weights for use of each student during experiments was received.

The objective in physics has always been to present facts directly and simply so that each student can achieve maximum comprehension. A real understanding of science is always its own best motivation.

Basic Courses Whet The Appetite

Algebra I gives freshmen and sophomores an opening to higher math in high school and in college. It provides a basic knowledge of algebra which is the foundation for more advanced courses.

Algebra II and III may also be taken to develop algebraic skills already achieved by the student.

Plane geometry follows Algebra I. It is a study which deals with figures on a surface. Advanced study in the mathematical field is offered to upper-classmen.

New Course Gives Momentum

A new course added to our curriculum this year is Foundations of Advanced Mathematics. The purpose of this course is to present a transition from high school math to the rigorous study of calculus and graphic curricula.

The primary objective in this course is to prepare the student for more advanced mathematics. A well-educated citizen should have knowledge of mathematics, which provides foundations for progress.

Present Time Is Anatomy Of Past

In terms of wealth and strength, the United States is one of the great nations of the world. This greatness has nothing to do with its size or its ability to produce goods, but this greatness comes from a number of things.

Among these things are economic opportunity, wide participation in politics, a continually moving population, belief in education, and a respect for the rights and abilities of other people. We gain knowledge of these things in American Problems class and in United States History class.

American Youth Well Informed

American citizens must be aware of the economic opportunities, size, and greatness of other nations in our world. They should know about other nations in order to co-operate with and understand the people of those nations. World history class and geography class aid us in the understanding of those nations' physical features, people, and wealth.

Fifteen Hundred New Books

The library is a modern and interesting part of J. C. H. S. This year there are 1500 new books for students and faculty to enjoy.

Good literature aids in supplementing the general education of students. Many have excellent opportunity to become well acquainted with their library as this is the location of their study hall.

The library offers a good selection of both fiction and nonfiction. Books and other publications are available to anyone for personal enjoyment as well as fulfillment of assigned work such as book reports and panel or class discussions.

The advantageous reference room is the birthplace of many research themes. This room has detailed information and facts on many subjects. Students can extend their horizons by reading adventure and they can become acquainted with many famous people and their achievements. Favorite interests and hobbies are found in informative articles in current magazines and newspapers as well as books, current almanacs and encyclopedia.

The English Department boasts of the largest enrollment of any department in school. The addition of Miss Jones, Mr. Stone, and Mr. Nutter makes a total of nine English teachers.

Underclassmen dig at literature and fight through grammar while trying to increase their knowledge and appreciation of English structure.

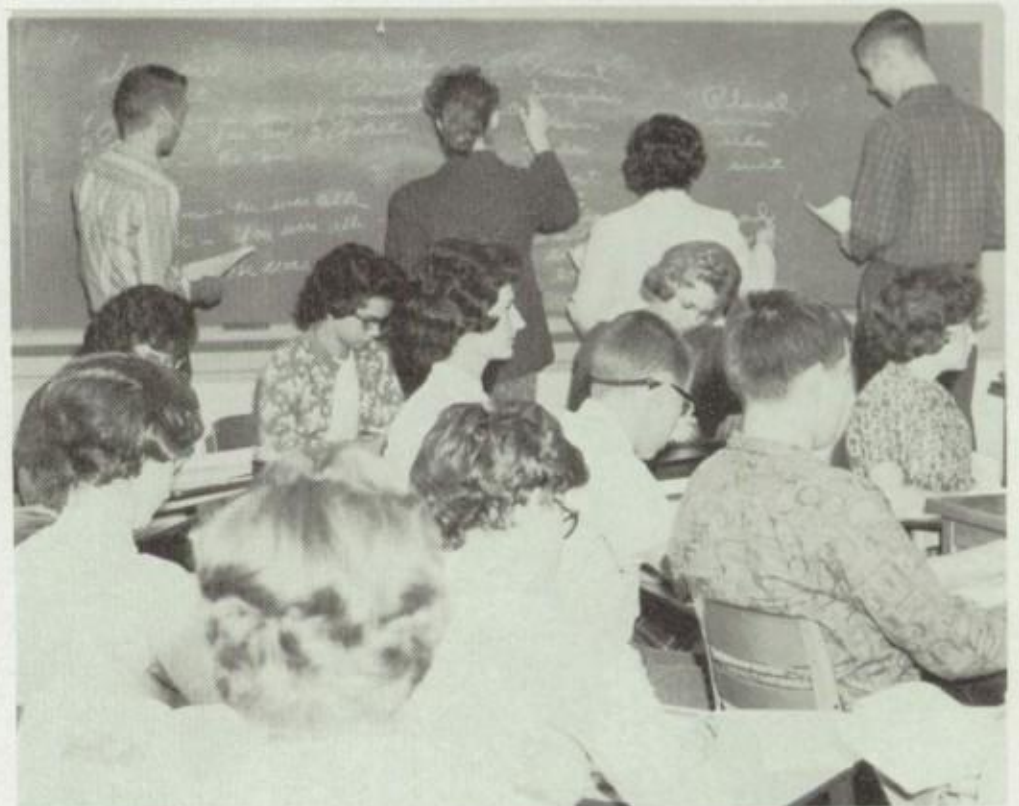

"College Prep" helps those seniors who plan to continue their studies by introducing them to college procedures and advanced theme writing.

A new standard elective is offered to juniors and seniors this year. Mrs. Fleming teaches Speech I. Debates, talks, and techniques of speech criticism are a part of the curriculum.

LAB SUPPLEMENTS STUDY

"Latin is a dead language
As dead as it can be
First it killed the Romans
Now it's killing me."

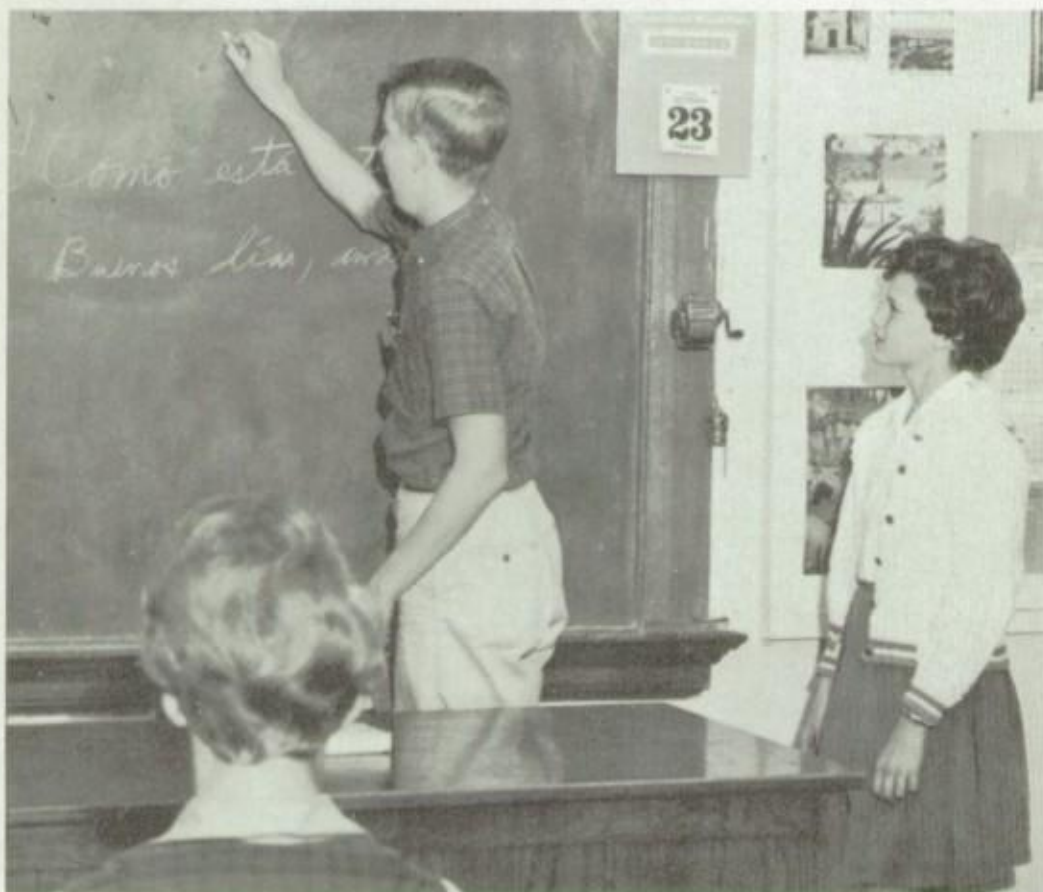

Though this may be a popular saying, it is not widely believed. Latin, which has frequently been termed a "dead language," is a continual help in English since many of our words are of Latin derivation. It offers a good foundation in both grammar and literature. Normal classroom instruction is supplemented by the work in the new language laboratory. The Roman Empire fell, but the influence of Latin has never diminished.

STUDENTS CONJUGATE LATIN VERBS

(Left to right) Mike McIntyre, Jeanette Abbott, Wanda Anderson and Randy Shepard work at the board while other students study at desks.

Modern Lab Aids Traditional Talk Technique

EN LA MANERA TRADICIONAL

Pam Mauzy and Bob Hormell discuss Spanish phrases.

The size of Spanish classes has almost doubled this year. Classes alternate with French and Latin classes in the use of the language laboratory, even though class sizes are greater than the number of available booths. Although Spanish classes use the lab to great advantage, they still retain the traditional method of classroom recitation and written work.

LANGUAGE GROWTH

Aural-oral language has raised the level of interest in foreign languages. Not only have the classes grown far above last year, but the Federal Government and our own school board, through the National Defense Education Administration, have spent many thousands of dollars to install a new language laboratory capable of accommodating twenty-four students at one time. Classes of the three foreign languages alternate in the use of the laboratory and find it very helpful in the improvement of conversational abilities.

Classes

The new foreign language laboratory is used regularly by our seventy-eight French students. Students receive drills through earphones and in turn give corresponding responses through microphones attached to individual head pieces. Teacher checks response by "listening in".

Business Education

General Business offers freshmen just what it implies, a general study of business.

Typing can be taken any year after the freshman year. Typing is a one-semester subject. After taking Typing I, a student may progress to Typing II.

Bookkeeping may precede or succeed Typing I. In bookkeeping a student learns to keep accounts and company books. This subject is helpful even if the student doesn't plan to go on in the business field.

Shorthand is available to juniors or seniors. This is a very essential part of the business world.

After taking Shorthand the student may take Secretarial Practice. In this course the students learn how to use different machines such as adding machines and other computing machines. A new field of mechanical business opens up a new world.

The Home Economics department offers opportunities to many students interested in the home-making fields. This year, Mrs. Hamilton teaches the Homemaking I and II classes. Mrs. Shepard instructs the girls in Homemaking I, III, and IV.

Girls learn the arts of cooking, interior decorating, home management, babysitting, flower arranging, and many other aspects of homemaking.

The department has received two new table model sewing machines, adding efficiency and decor to the modern and economic department.

The foods section practice by entertaining parents and faculty at a tea, by preparing meals and fully planned menus. Sewing sections construct clothing which later is modeled at one of the two style shows given by the Future Homemakers of America.

Ag Students Learn Through Experience

First-year agriculture students try their beginner's knowledge when they experiment with soil testing. They also study livestock diseases and the different characteristics and breeds of livestock.

The second year of agriculture presents the student with more complicated things. They study feed consumption and conversion and learn to balance feed rations according to the protein content. Ag II students also study livestock judging.

Third-year students do more advanced projects, dealing with welding and electricity, consisting of minor wiring and repair jobs, and tractor maintenance. Seniors do further work in tractor maintenance and improvement of their farming enterprises. By doing this they hope to better themselves and prepare for their future as farmers.

Art and Music stimulate the creative ability of students.

Theory and Harmony, General Music, and Chorus make up the music department.

Students who plan on an advanced study of music take composition, harmony, and primary theory after General Music, a prerequisite covering the fundamentals, history, and appreciation of music.

Chorus is open to all students who enjoy singing. Amateur vocalists work on part singing, and the entire group work, thus increasing their knowledge and appreciation of music. Jan Heiderscheid and Diane Burwig harmonize and compose in Theory and Harmony class.

Band Members Attain New Levels

Seventh hour is the regular band period until concert season. During this hour the band prepares football shows, which it puts on during the half time at home games. This year, the band has used such shows as Presidential Hobbies and The John Glenn Story. The band also took part in a half time show and marching contest jointly sponsored by the Jerseyville Chamber of Commerce.

After the football season, Mr. Kimpling gives special instructions to those who have not acquired the fourth proficiency level required for the concert band. These advanced students hold a permanent position in the concert band. This band raises the cultural level of the school and the community.

Healthy Bodies

HEALTHY AND SHAPELY

In health and P. E. classes, girls learn how to keep healthy and shapely. Health classes offer informative reviews on disease and its prevention. Under trained supervision, girls do flips, headstands, and other stunts which improve their physical fitness. These P. E. classes also teach the importance of team-work and good sportsmanship.

RUSTLE SOME MUSCLE

Barb Weller and Sharon Scott play bombardment in Miss Bradley's P. E. class.

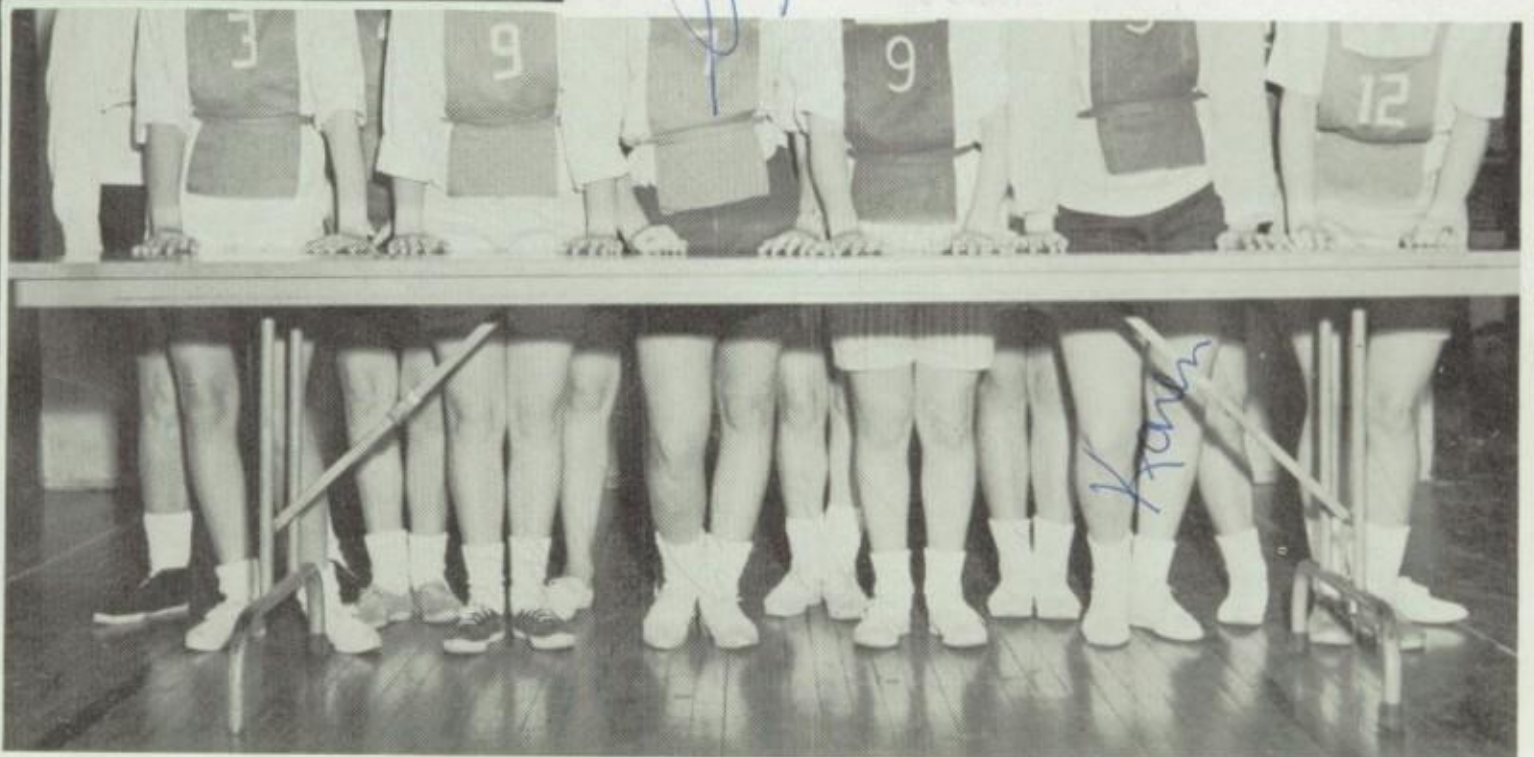

HEADSTAND LOCATES BRAINWORK

Watching Virginia Shandrow's headstand are Barbara Isringhausen, Patty Beach, and Mary Powderly.

Learning Can Be Fun

Girls' physical education allows girls to work and play together. Girls learn ball games such as bombardment and crab-ball, and many other teamwork games. They also learn the art of trampoline acrobatics. Games provide an entertaining lapse between regular classes.

BODY BUILDING

ACTIVITIES

The excitement of Homecoming fills the air as both students and faculty assemble on the courthouse lawn for a gigantic pep rally. The queen candidates tremble with a mixture of joy and anxiety while the members of the football team nearly burst with eagerness and high hopes for the coming game. This is only a sample of the students' enthusiasm for activities at J. C. H. S. They are naturally friendly and social events give them a chance to meet new people and to enjoy old friends. Activities are an important part of school life.

Jim,
You are a great guy.

COUNCIL OFFICERS INSPECT PROGRAM MATERIAL

Richard Heininger, Member-at-large, Bob Smith, Treasurer, Fred Walther, President, Mr. Ballard, Sponsor, Linda Mourning, Secre-

tary, and Barry English, Vice-president study proposed assembly programs for next year.

Thirty students are elected on a percentage basis to represent their classes on the Student Council. This group tries to solve school problems and make improvements for the good of the school and the student body.

The Student Council sponsors the assembly programs, which are enjoyed by many of the students

and faculty throughout the year. A new Pad was built this year for the convenience of the students. Here school supplies, soda and ice cream may be bought during the lunch periods. The Council is in charge of all school elections and vending machines. They have given the school a tape recorder and a television set.

MEMBERS TAKE TURNS IN NEW PAD

Science Club Launches Third Place

TO JOIN OR NOT TO JOIN

Mr. Greene conducts organization meeting of Science Club.

Big Year For Science Club

Science Club, one of the largest clubs in school, is open to any student who is interested in making a project for the Science Fair held in March.

A group of club members plan the club's meetings, which are held the third Tuesday of every month. They plan a program with a science theme.

The club's activities this year included the annual dance, which was held in the fall and a trip to the Chrysler Corporation at Saint Louis in January. A group of members also attended a "How To Do It" Meeting at Roxana to gain information on building projects.

The projectionist club members in our school are in charge of operating and taking care of the visual aids now in use. They give up their study halls to show educational films to classes. New members are given courses by the older members on the operation of projectors. Mr. Mostar is the sponsor in charge of visual aids.

Latin Club Enjoys Successful Year

LATIN CLUB MEMBERS TAKE THEIR TURNS IN THE CONCESSION STAND AT THE BASKETBALL GAMES.

As David Walter, Bill Summers, Margie Talley, Mary Chandler, Barbara Walsh, Vickie Woolsey, and Nancy Allen hurriedly wait on customers, Miss Blair speaks to Miss Bandy.

MEMBERS OF THE LATIN CLUB ENJOY PLAYING CARDS AT THE WINTER PARTY.

Virgil Isringhausen, Mike Allen, Jim Bartlett, Robert Burger, and Rickey Blackorby are actively engaged in a card game as Sherrill Freesmeyer, Richard Heininger, and Eddie Klunk stand by and watch them.

Latin Club Has Busy Season

A student who has had two years of previous enrollment in a Latin class or who is now enrolled in second-year Latin is eligible for membership in the Latin Club. The club sponsors a Get-acquainted Party in the fall to enable members to become better acquainted. In the spring the Latin Club sponsors an annual scavenger hunt and picnic to which the entire faculty is invited. This year the club had a small party during the winter as an added activity.

THE LATIN CLUB OFFICERS AND SPONSOR MEET TO PLAN FOR THE CLUB'S ACTIVITIES

Tammy Plato, Vice-president, Sharon Rench, President, Miss Bandy, sponsor, Cathie Stumpe, Treasurer, and Ronnie Wendle, Secretary, collaborate their reports for the annual spring picnic.

F. F. A. Represents Modern Farming

SYMBOL OF AGRICULTURAL PROGRESS IN A MODERN AGE

The emblem of the Future Farmers of America symbolizes many things. The plow is the symbol of labor and tillage of the soil. The rising sun represents a new era in agriculture. The United States flag shows that the Future Farmers of America is a national organization. The cross sec-

tion of the ear of corn represents correspondence among the organizations wherever corn is grown and Future Farmers meet. The owl is the honored emblem of knowledge and wisdom. This also shows that the organization is well established and will last as long as there is a future in agriculture.

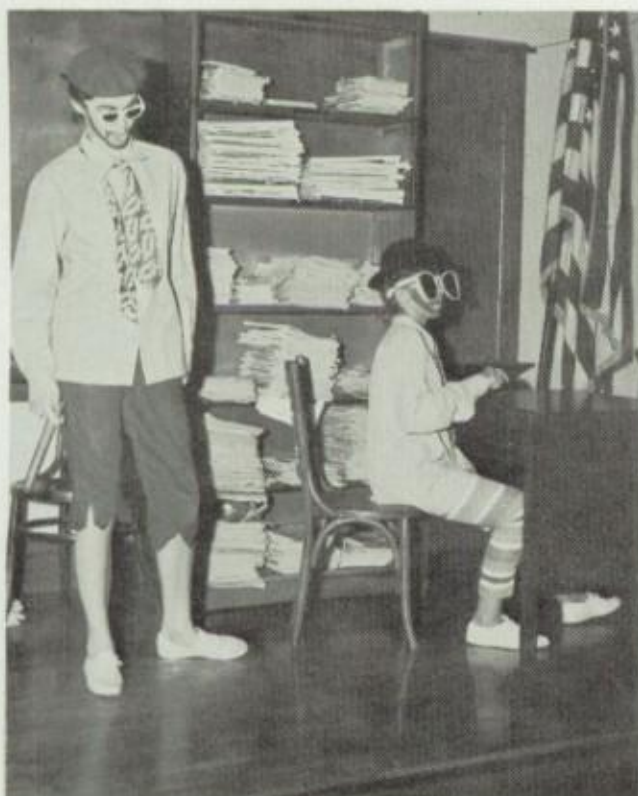

F. F. A. officers are pictured at right. They are: (left to right) Theodore Kuebrich, Vice-president; Robert Brundies, President; Darrell Krause, Sentinel; Tony Krueger, Treasurer; Ralph Schuckembrock, Reporter; Richard Killion, Secretary.

GO CATS GO!

Linda Wallace and Patty Campbell perform a skit at one of the night meetings.

Future Homemakers of America is one of the school's organizations which has over one hundred members. F. H. A. sponsors many activities throughout the school year. Among the night time activities are the mother-daughter potluck F. H. A. picnic, Daddy-date night, initiation of new members, and two style shows, one held at the end of the first semester, the other in May.

At the regular meetings, the girls enjoy special guests who give demonstrations and talks on modeling, cooking, hair care, fashion coordinating, interior decorating, and many other interesting topics which interest the girls in homemaking.

Academics And Personality

The National Honor Society is a high school organization founded to publicly recognize outstanding members of the Junior and Senior classes.

In November, during National Education Week, the Honor Society recognized all the teachers of J. C. H. S. by giving them flowers to show our appreciation of their work.

In the Spring, members of the Junior class who have maintained a 4.50 average for three years, and Seniors who have maintained a 4.25 average for four years, are initiated into the National Honor Society. Members are also selected on the basis of leadership, character, dependability, and active participation in school and community activities.

ON YOUR TOES

Susan Holmes dances as the Sugar Plum Fairy.

BIRDWATCHERS WARBLE

A quartet composed of Mr. Makinson, Mr. Finn, Mr. Bell and Mr. Stone sing a medley of Christmas carols. Judy Cope plays accompaniment.

TALENT UNLIMITED

The Student Council Christmas Program is a tradition at J. C. H. S. Talented students and faculty members perform various acts for the enjoyment of all.

This year the Choir began the afternoon of entertainment by singing Christmas carols. Singing, dancing, and pantomime also captivated the audience. The entrance of Santa Claus climaxed the show.

HERE COMES SANTA CLAUS

The various performers include (First row--left to right): Susan Holmes, Barbara Ward, Denise Myers, Lural Stevens, Charles Stephens, Sonny

Charow. Back row: Mr. Nutter, Mr. Makinson, Mr. Bell, Mr. Finn, and Mr. Stone. Santa Claus is Mr. Roberts.

Top Tuba Soloist
Sherry Allen won honors on her tuba solo with "superior" rating.

Alto Saxophone Soloist
Carole East received a "superior" rating.

Bob Plays Solo
Bob Hormell rated "superior" in the contest with his trumpet solo.

SOLOISTS AND ENSEMBLE MEMBERS

The members are: (Front row, left to right) Jan Heiderscheid, Ralph Keene, Teresa Sears, Jim Gorman, (second row): John Hotz, Becky Prough, Becky Carpunky, Susan Stamps, Wendy White, Carole East, Sherry Allen, Suzanne Arnold, (third row): John Sunderland, Kenneth Breden, Marvin Tuetken, Jeff Radley, Jim Cary, Margaret Hopley, Barbara Weller, Judy Ringhausen, Annette Boner, Karen Morrison, (fourth row): Alan Sweetman, Mike Brickey, Jim Cope, Daryl Gardner, Lloyd Dehner, Bob Hormell, Gail Kincade, Jean Wehrly.

SAXOPHONE QUARTET — "SUPERIOR"

On March 16, thirty-four members of the J. C. H. S. band traveled to Canton to compete in the Class A State Final Solo and Ensemble Contest. The local band entered twenty-three events receiving four "superior", sixteen "excellent", and three "good" ratings for the day's competition. Twenty-two other Class A bands competed. Among them were Canton, Normal, Jacksonville, and three Springfield high schools.

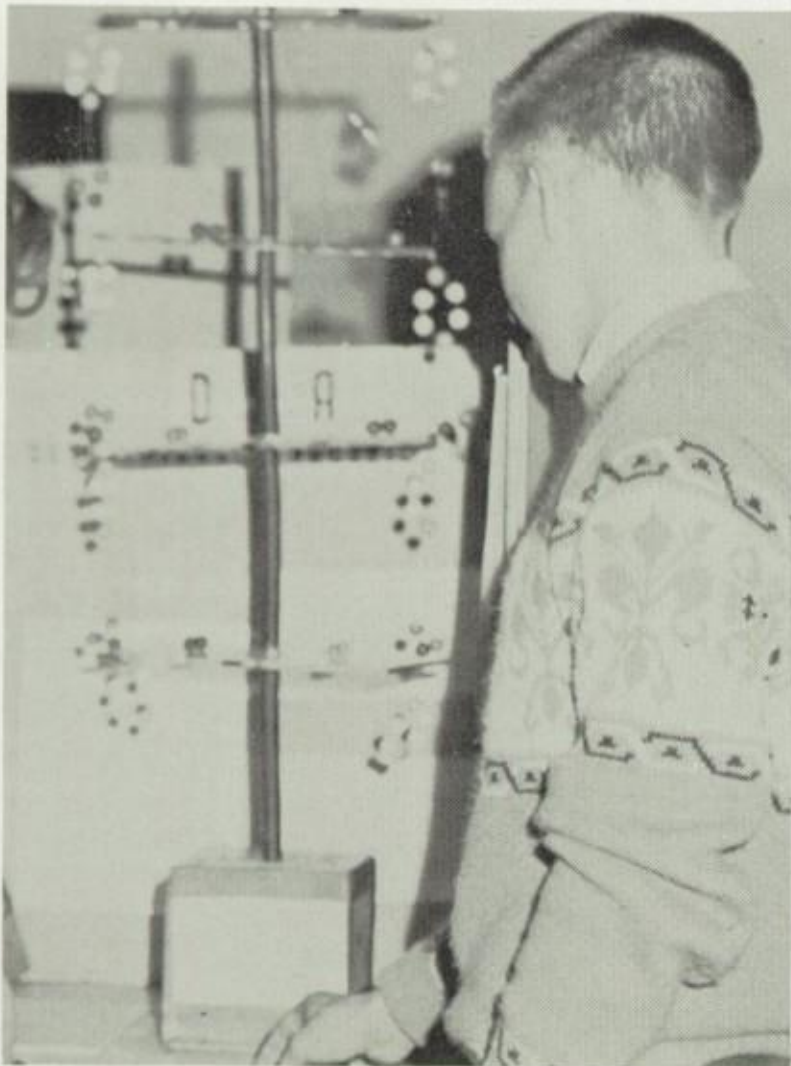

The complete concert also competed in the State Final Organization Contest. Below at left: The members are: Susan Wehrly, Daryl Gardner, David Smith, Suzanne Arnold. Below right: Members are: Susan Wehrly, Judy Cope, Jean Wehrly, Carole East, Edward Breed, Judy Ringhausen, Sherry Allen.

"TECTIVE, YOU?"

Fred Walther (center) is surprised to learn that Warren Anderson is a detective. Patricia Beach views situation with considerable composure.

"HAUNTED HIGH SCHOOL"

At Eagle High School it has become a tradition to celebrate an annual "Youth Day" by having students trade places with teachers. Just before the big day, the principal has a fatal accident, and many strange incidents occur. A detective is summoned to the scene and students try to help him solve the mystery. This results in a "comedy of errors" which delights the audience.

INTRODUCING — THE SENIOR PLAY CAST, 1963

The cast members worked hard to make play the best ever. They are (front row, seated) Sandra Chipman, Mr. Makinson (director), and Barbara Cary, (second row) Patricia Beach, Penny Heitzig, James Stone, Fred Walther, Sherrill Freesmeyer,

Judith Ellerman, Mary Naylor, Charles Roberts, Nadene Kallal, Warren Anderson, Robert Brundies, Susan Chapman, Richard Charow, (back row) Linda Heitzig and Linda Mourning.

SPECIAL AWARDS

The Betty Crocker Homemaker of Tomorrow Award is given to the girl who makes the highest score on a test given to seniors enrolled in homemaking courses.

The outstanding senior girl in patriotism, dependability, loyalty, and service is elected to receive the Daughter of American Revolution Award.

The Bausch-Lomb Award is given for special ability in mathematics and science.

At right are: (bottom to top, left to right) Robert Smith, Barbara Cary, Donna Roth, Linda Mourning, Clifford Jewsbury, Joyce Mayhall, Sherrill Freesmeyer, Alyce Mayhall, and Lanny Murrell. Alice Goodrich, who is also finalist in National Merit Scholarship competition, was absent when picture was taken.

SPORTS

The crowd roars as the boy in blue and white racks up the winning points. But winning isn't the only objective of J. C. H. S. athletes. Good sportsmanship is a goal too. The boys learn to practice fair play — on the court or field, and in the game of life.

Every team must plan carefully in order to insure success. Coach Havens (center) diagrams a tricky play as (from left) Warren Anderson, Craig Schaake, Fred Walther, Francis Hagen, Robert Brundies, Loren Wallace (standing), and Robert Smith study it from all angles.

Panthers Place 2nd At Sectional

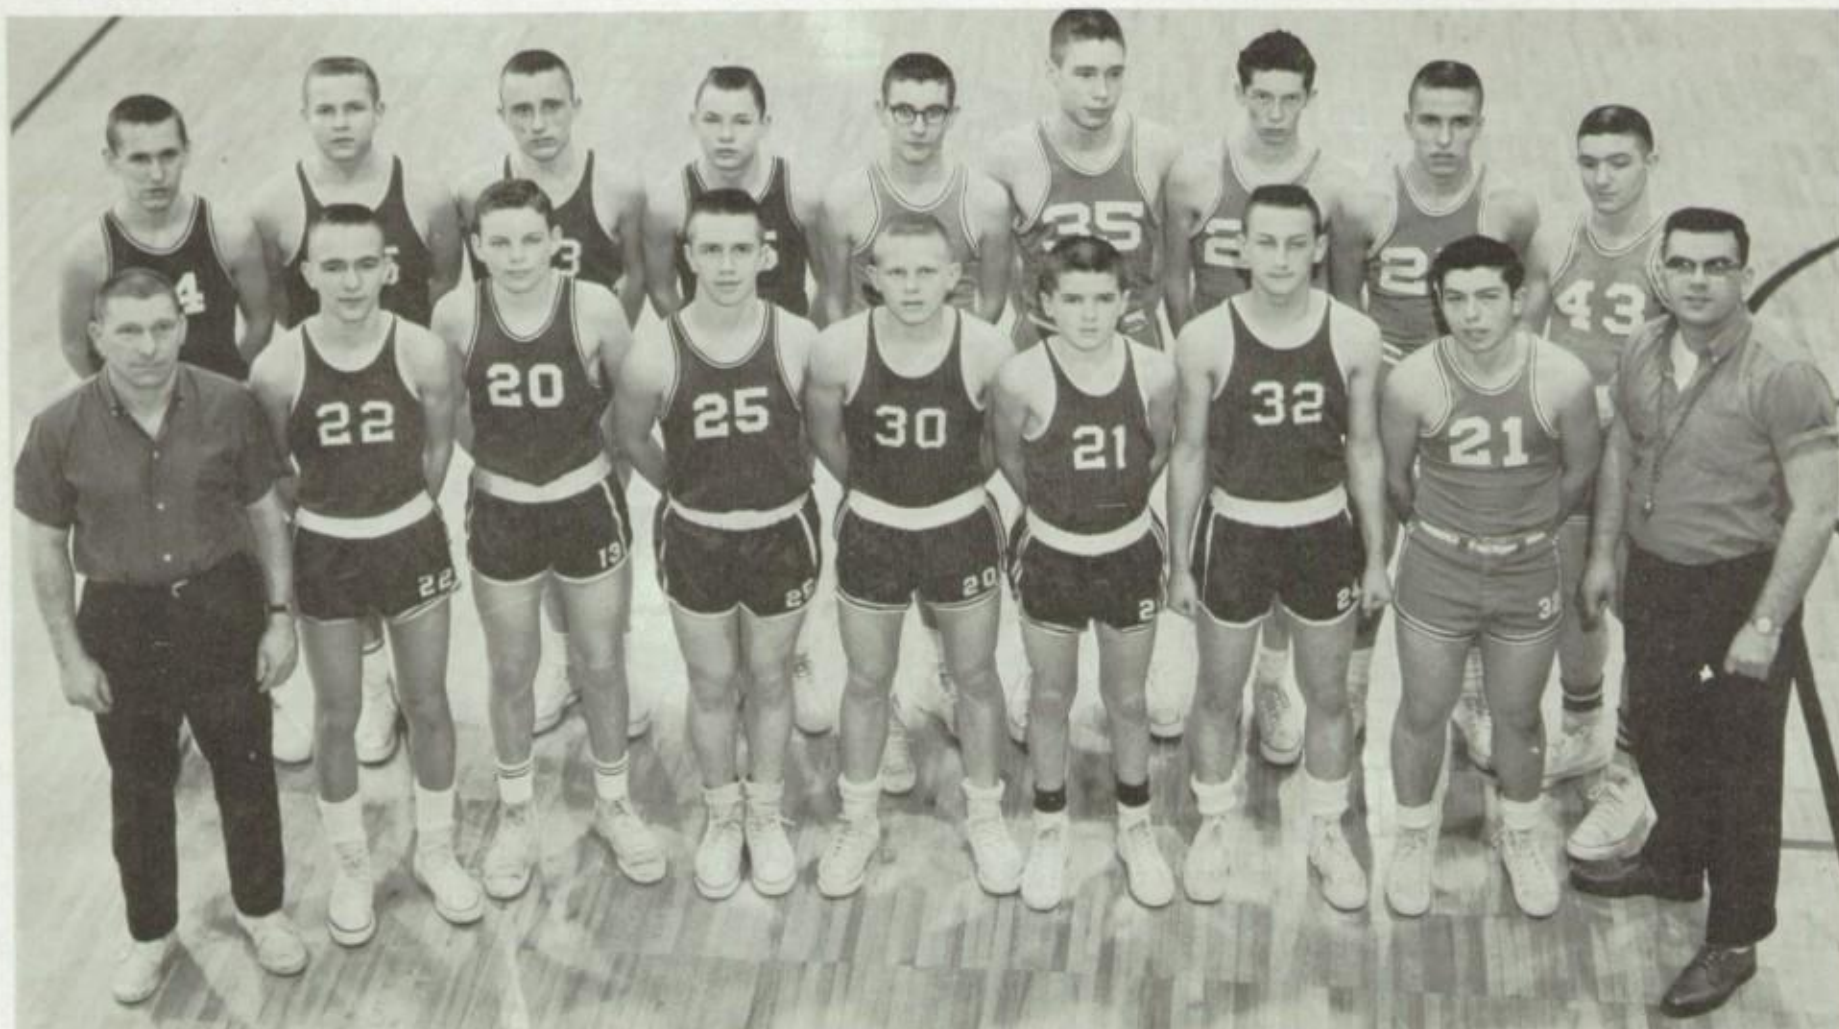

Coach Havens' Panthers shot a blistering 58 per cent in the opening game of the Wood River Sectional tournament, and held their opponents, the Triad Knights, to a 30 per cent mark to gain the right to meet one of Illinois' top powers, the Collinsville Kahoks, in Friday's sectional final. Too much height and a Collinsville 53 per cent shooting mark prevented the Panthers from turning "giant killer" and reaching the State's "Sweet Sixteen".

TROPHY PRESENTATION

The Freshman squad, coached by Paul McGarvey, won 4 of 6 tournament games, bringing home third place trophies from both Carlinville and Marquette Tournaments. They finished with an 11-8 mark.

The sophomores won the Freshman-Sophomore tournament here for the second year in a row. The Jr. Varsity Squad, coached by Larry Cravens, finished with a 12-9 mark.

Pictured at the right is Jim Bauman presenting Mr. Courier the first place trophy for the Freshman-Sophomore Tournament. This is the second year in a row the trophy has come to our school.

CLASSES

The bell rings and 1,035 lively students stream into the halls. Their laughter and gaiety float through the corridors as they enjoy four minutes of freedom before the next class. They are willing to work of course, but they like a good time too. Everyone—from the frightened freshman to the sophisticated senior—supports school activities and enjoys life to his utmost capacity. Work and play in equal proportions are the orders of the day at J. C. H. S.

Fun, Knowledge and New Friends

The freshmen or "seniors of '66" are a friendly class.

Being new to the rush and bustle of high school life, some were thoroughly confused at the end of the first two or three hectic days. It didn't take long, though, for us to bounce right up and become an active part of the student body.

With the close of our first year at J. C. H. S., freshman can look back on a year filled with fun, knowledge, and new friends. The class can look forward to three more years and the memories of these years. With help of teachers, guidance counsellors, and upperclassmen, here we are -- almost sophomores.

THE CLASS OF '66 MARCHES ON

Biggest Ever

The 321 sophomores represent the largest class ever to enter J. C. H. S. They occupy the most space in the halls and require the biggest section of the gym. They are a milling mass of talent and enthusiasm which is evident in their active

participation in basketball, football, track, music, and clubs.

With the help of their sponsors, Mrs. Hamilton and Mr. Mick, they built their float and placed third in the coronation of queen.

This year we juniors followed the theme of the Homecoming float, "We're Expecting T'win," to the letter. Not only was our candidate elected Homecoming queen, but our float won first place.

The junior class sponsored two main projects this year. Our class play, "The Egg and I," directed by Mrs. James, was presented on November 16. In the spring we sponsored the Prom for the seniors. Both were tremendous successes of

which our class is justly proud.

In March the anxiously anticipated class rings finally arrived. We had been waiting eagerly for these rings as they symbolize status.

The Juniors have worked together as a class both in academic and in extra-curricular activities for the past three years. We now have one more year in which to work and play together as a team before that final separation — graduation.

Jim, I'm really glad you were elected Vice-Pres. of the S.E. for next year. I hope you have as much fun your senior year as I did. Good luck.

THREE BIG STEPS

1959--We were freshmen then, young, inexperienced, and untried. It was a year of "firsts"--first Homecoming game, first-semester test, first failing grade, first orchid, and for some, first "steady". But somehow we made it.

Then we were sophomores. Although we were not quite upperclassmen, we felt very worldly and experienced. We began to take our classes more seriously, but we still found plenty of time for basketball and football games, for parties, and for dating.

After a whirlwind summer, we were suddenly juniors, really upper-classmen at last! First semester went fast and then came the magical second, with more "firsts"--those long-awaited class rings, drivers' licenses, first play, "The Skeleton Walks", and finally, for the perfect ending, we gave our first Prom. With a beautiful Southern setting it was a big success and one of the things we'll never forget.

FINALLY — SENIORS!

Classes became more interesting with many informal discussions. The teachers were a little more strict. (Those American Problems reports left us shaking, and we had quite a struggle with themes for College Prep. How about those College Boards! Answer A, B, C, or D!) We began to tolerate the antics of the lower classmen with a smile. But we were not always somber. That two-day Senior Trip to the Ozarks was unbelievable; we weren't exactly studious seniors then! But we came back down to earth with a thud when final exams began.

AND NOW — GRADUATION

Our high school days are nearly over. Ahead of us lie Baccalaureate and then one of the most important days of our lives, May 29, 1963 — Graduation Day. Our high school careers will pass through most of our minds that night and as we prepare to march out into the world shining examples of J. C. H. S., we can say, "Congratulations, Class of '63. You made it!"

Jim, we
 Boy, have we
 had a good time
 in Student Council these
 last two years. Remember
 the Christmas program.
 Congratulations again as member
 at-large and I know that you'll have
 a very successful year because you have
 always been a very successful student and officer.
 Do your best, as usual, and I'm sure you'll have
 a great year. Best of luck next year
 Maybe I'll come back to see
 Remember to see chemistry??
 at FCHS and always
 your class.
 As ever,
 Linda Morning

Jim,

From my pad to your pad. Here
to a real great guy. It's been a
real pleasure being in class
with you this year. I hope
that I get some with you next
year. Remember all the blast
that we have had. I know
that we'll have a riot
next year. Keep up that
sweet personality of you
and you'll have it made.

 Hold that hot
 Chevy down to 110
 in the ty. Be ready
 for the S.C. work
 Next year. I'm
 sure we work good
 together Don't burn
 off your tires
 Have fun this summer
 I'll see ya
 Barry

Dear Jim,
 He's finally made it! Chemistry was really tough! You, down in dance (Ha Ha) she really had fun! I hope we'll be seniors next year! and the next year! (Hit's hope not!) Good luck in everything you do.

Jim,
 Best of luck
 in future.
 A friend always
 Barry
 Fournier

P.S. you still have it (Karen) made it to my house yet!

Jim! See, the past 3 years have been fun! Haven't they. David we had more than 1 left. I've really loved knowing you. Anyway, loads of luck and success to a real great guy!
 STAR THAT WAY
 See you next year.
 As always - me!

Dear Jim,
 He's really had fun during our high school years and I know will have an even greater time as seniors! Always remember our struggling through Chemistry. It was hard but we had fun. I'll see you and you as seniors. Always Carolyn

Jim,
 Good luck to a
 real sweet kid.
 I never forget our
 class the Chemistry class
 the way you and Dennis
 horse around, hope I
 see this summer.
 your friend
 always,
 Carolyn Brown

"Jim"
 Its been wonderful
 knowing you. May you
 always have the best
 of luck in everything
 you do. Never forget
 to say hi to English class.
 See you next year. Be
 good and May God
 Bless you

Jim
 Good luck
 in the future
 Bill Smith

Jim,
 I don't know about
 you but as for me I'll never
 forget all the fun we have
 had this year - Chemistry, Advanced
 Algebra, 60 Club, etc. It really
 doesn't seem possible that
 we are almost seniors (2 more days).
 I still feel too young, but I guess
 we all have to grow up some day.
 Best of luck to one of the sweetest
 persons I know.

Love,
 Ann Crull

Jim,
Good luck in
all you do. You're
a real nice kid and
you'll do well.
Sherry Allen

Jim,
Lots of luck
in your future
years at U.C.H.S.
and stay good.
Love
Bob

Jim,
When I think of the
Prom I'll think of you
and Susie. We sure had
fun. Good luck and I'll
see you next year

Jim
Good luck to one
of the nicest kids
I know

Jim,
Remember all the times I talked to you & Joe in the
hall when nobody was around. I was just so in S.H.
I was a small kid, and don't even know
Good luck next year, and remember me.
Don
